

Wine & Chat

Conversation class for winegrowers and others interested

After our very successful meeting at the beautiful Gabel Winery in Herxheim this summer, Ms Helge Reuther (Sales and Distribution Specialist for Wine and Tourism, www.helge-reuther.de), who is responsible for guided tours at the Fitz-Ritter Estate, would like to invite you to our next conversation evening at

VDP Wine Estate Fitz-Ritter
Weinstrasse Nord 51
67098 Bad Dürkheim
Phone: +49 6322-5389

on 22nd November at 5 pm

The idea of **wine and chat** is to meet from time to time at different wineries to have a tour, a wine tasting and a chat in English to practise our conversation skills.

Every participant will be asked to bring a bottle of wine for the tasting, and Helge will provide a snack. She is going to do a tour (in English) of the beautiful winery. Guests with no background in the wine industry are also welcome to join and do not necessarily need to bring wine.

Benefits for the host are the personal coaching after the tour during the rest of the evening or by email, and exemption from the fee. All guests will profit from the presence of an experienced English teacher and the vast specialized knowledge of the group.

Wine & Chat is open to the public and you can tell whoever you like about it. We welcome anyone interested in conversing in English, but especially sales people, winery staff and others involved in the wine business.

Your investment for this evening is € 20 (no VAT charged), and we need a minimum of 10 participants. I would appreciate an early registration by email until 12th November. The fee has to be transferred to my account in advance, latest 16th November. I will, of course, provide you with an invoice with all necessary details.

We are very much looking forward to seeing you.

Nicole Tomberg and Helge Reuther as well as your hosts at the Fitz-Ritter Estate
